BAIT RECEIPTS

Anglers using or possessing baitfish or leeches for fishing in a BMZ (Bait Management Zone) where their primary residence is not located must obtain them from the holder of a commercial licence and be able to immediately produce a legible receipt upon request by a conservation officer. Baitfish or leeches, whether live or dead, can only be possessed or used within two weeks following the date on which they were obtained. The receipt must list the location and date it was obtained from the commercial licence holder, the business name, (if applicable), commercial licence number and quantity of baitfish or leeches obtained.

FOR ANY FISHERMAN, THERE’S ALWAYS A NEW PLACE,
ALWAYS A NEW HORIZON.”
