

## WHAT TO BRING

Pack the “Essentials” and be prepared for minor injuries, sudden weather changes or delays. Bring your personal flotation devices (PFDs) or inflatable life jackets. PFDs in a variety of sizes, are provided at Miminiska, Makokibatan, and Strikers Point Lodge (excluding children and XXL+ sizes.) Canadian law requires boats to be equipped with a federally approved PFD or lifejacket of an appropriate size for each person on board. (U.S. Coast Guard approved should meet this standard.) PFDs must be a jacket not a floating seat cushion or ski belt. It is recommended that lifejackets be worn at all times while in the boat. Ontario law requires that all boat operators — who live in Ontario — complete a boat safety training course and carry a certificate on the water to prove it. U.S. Guests, will also be required to have this training and we provide it. You are required to carry this along with your fishing licence and outdoors card at all times.

You may order live bait from our website. Bait allowances are 10dz minnows, 10dz leeches per person. No allowance on crawlers. Bait receipts must be carried at all times with you. Bait and Beverage can be ordered on our website. All orders are due no later than 60 days before your trip.

It is important to note that the weather is constantly changing up north. We recommend bringing layers to accommodate the possible changes. Be sure to include rain gear in your packing list as well.

Bedding is provided at all full service lodges, as well as Mojikit Channel Lodge and Whitewater Lodge. Those visiting outposts will need to bring their own bedding. (Sheets, pillows, sleeping bags etc.)

If you are visiting the housekeeping lodges or outposts, it is important to note you will need to bring potable water in with you. A 5 gallon jug of water will be provided for you at the outposts but additional water will be up to you.
